DESPATCH.

CIRCULAR.

DOWNING STREET, 16th December, 1907.

SIR,—I have the honour to inform you that His Majesty the King has been pleased to institute a Medal, to be called the Edward Medal, for courage in saving, or attempting to save, life in mines or quarries within His Majesty's Dominions, Protectorates, etc.

2. A copy of the Royal Warrant is enclosed, from which you will observe that the Medal is to be of two classes, and may be bestowed on persons of either sex and of any nationality.

3. The act in respect of which the bestowal of the Medal is recommended must have been performed in or about a mine or quarry, and either above or below ground; but it is not His Majesty's desire that the Medal should be given for rash and injudicious attempts at saving life, however gallant they may be; as, for instance, in cases where those who attempt to rescue have themselves to be rescued by others, and thus only aggravate the danger.

4. The award of this Medal will not be in substitution for the Albert Medal, but both medals will not be bestowed in respect of the same action.

5. It is intended that the qualification for the Edward Medal, although not so high as for the Albert Medal, shall be of a high and exceptional order, and the grants will therefore be reserved for such cases.

6. Applications for the Medal will be dealt with as they arise, and I have accordingly to request that you will submit to me for the consideration of the Secretary of State for the Home Department any instances that may be brought to your notice of exceptional courage of the nature indicated, accompanied by such observations and documents as you may think proper.

I have, &c.,

ELGIN.

*Enclosure in Circular dated 16th December, 1907.*

*Whitehall, October 17th, 1907.*

The KING has been pleased to issue a warrant under His Majesty's Royal Sign Manual to the following effect:—

EDWARD, R. & I.

EDWARD THE SEVENTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India, to all to whom these Presents shall come, Greeting!

Whereas We are desirous of distinguishing by some mark of Our Royal Favour the many heroic acts performed by Miners and Quarrymen and others who endanger their own lives in saving or endeavouring to save the lives of others from perils in Mines or Quarries within Our Dominions and in territories under Our Protection or Jurisdiction, We do by these Presents for Us, Our Heirs and Successors institute and create a new Medal to be awarded for such acts of gallantry:

Firstly.—It is ordained that the Medal shall be of two classes which shall be designated and styled "The Edward Medal of the First Class" and "The Edward Medal of the Second Class."

Secondly.—It is ordained that the Edward Medal of the First Class shall consist of a circular Medal of Silver with Our Effigy on the obverse, and on the reverse a design representing the rescue of a miner with the inscription "for courage."

Thirdly.—It is ordained that the Edward Medal of the Second Class shall consist of a Circular Medal of Bronze of a similar design.

Fourthly.—It is ordained that the Medals shall only be awarded to those of Our Faithful Subjects and others who, in saving or endeavouring to save the lives of others from perils in Mines and Quarries within Our Dominions and in territories under Our Protection or Jurisdiction, have endangered their own lives, and that such award shall be made only on a recommendation to Us by Our Principal Secretary of State for the Home Department.

Fifthly.—It is ordained that the names of those upon whom We may be pleased to confer either of these Decorations shall be published in the London Gazette, and that a Register thereof shall be kept in the Office of Our Principal Secretary of State for the Home Department.

Sixthly.—It is ordained that each Medal shall be suspended from the left breast and the riband, of an inch and three-eighths in width, shall be dark blue with a narrow yellow stripe on either side: Provided that when the Medal is awarded to a woman it shall be worn on the left shoulder, suspended from a riband of the same width and colour, fashioned into a bow.

Seventhly.—It is ordained that any act of gallantry which is worthy of recognition by the award of the Edward Medal, but is performed by one upon whom the Decoration has already been conferred may, on a recommendation to Us by Our Principal Secretary of State for the Home Department, be recorded by a bar attached to the riband by which the Medal is suspended; and for every such additional act an additional Bar may be added.

Eighthly.—In order to make such provision as shall effectually preserve pure these most honourable Decorations, it is ordained that if any person, on whom either of such Decorations is conferred be guilty of any crime or disgraceful conduct which, in Our judgment, disqualifies him for the same, his name shall, by an especial Warrant under Our Royal Sign Manual, be forthwith erased from the Register of those upon whom the said Decoration shall have been conferred and his Medal shall be forfeited. And every person to whom the said Medal is given shall, before receiving

the same, enter into an agreement to return the same, if his name shall be so erased as aforesaid under this regulation. It is hereby further declared, that We, Our Heirs and Successors, shall be the sole judges of the circumstances demanding such forfeiture. Moreover, We shall at all times have power to re-grant a Medal to any person whose Medal may at any time have been forfeited.

Given at Our Court at *Saint James's*, the thirteenth day of July, one thousand nine hundred and seven, in the seventh year of Our Reign.

By His Majesty's command.

**PRIVATE BILLS.****EXCERPT FROM RULES AND ORDERS RELATING TO PRIVATE BILLS.****RULE 59.**

**A**LL APPLICATIONS for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867," whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, or Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work; the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges what-

ever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such notice to be published as follows.—

In the BRITISH COLUMBIA GAZETTE, and in one news paper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, together with the notices published. At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during

its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901 (see Journals, 1901, page 58), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.

District of                      Berth No.  
I,                      of                      , having bid for the  
berth above named the sum of \$

dollars, and said bid having been accepted, do hereby promise and agree to carry out and complete the same forthwith in accordance with the terms and conditions of sale as set forth in the notice of sale dated at                      the day of                      and in the regulations for the disposal of timber under licence established by His Excellency the Governor in Council.

Witness :

*Licences.*

8. No licence for any timber berth shall be issued until the full amount of the purchase price, the cost or estimated cost of survey, and the ground rent for the first year have been paid.

(b.) The licensee shall be entitled to a refund of any amount over paid on account of the survey of the berth, and if the amount paid on this account at the date of sale is not equal to the cost of survey as finally determined he shall pay such additional sum as may be necessary to make up the full cost of survey.

9. All timber licences shall expire on the thirtieth day of April next after the date from which they are granted.

10. The licence shall vest in the licensee, subject to the conditions mentioned in the licence, all right of property whatsoever in all trees, timber, lumber and other products of timber which he is entitled by the licence to cut, and which have been cut within the berth during the continuance thereof, whether such trees, timber, lumber or other products be cut by authority of the licensee or by any other person with or without his consent ; and shall vest in the licensee, as against any person other than the Crown in the right of the Dominion, subject to the conditions mentioned in the licence, all right of property whatsoever in all trees, timber, lumber and other products of lumber cut within the berth during the continuance thereof by any other person without his consent ; and shall entitle the licensee to seize in replevin, revendication or otherwise, as his property, timber of any kind cut upon the berth, where the same is found in possession of any unauthorised person, and also to bring any action or suit at law or in equity against any person unlawfully in possession of any such timber, or of any lands within the berth, and to prosecute any person to conviction and punishment for any offence in connection with such timber or land, and all proceedings pending at the expiration of the licence may be continued and completed as if the same had not expired.

11. A licence shall be renewable from year to year while there is on the berth timber of the kind and dimensions described in the licence in sufficient quantity to be commercially valuable, if the terms and conditions of the licence and the provisions of the Dominion Lands Act and of the regulations affecting the same have been fulfilled :

Provided that such renewal shall be subject to the payment of such rental and dues and to such terms and conditions as are fixed by the regulations in force at the time renewal is made.

12. Whenever any portion of a timber berth has not upon it timber of the kind and dimensions described in the licence in sufficient quantity to make it commercially valuable, the Minister of the Interior may, after an inspection has been made, declare such portion

fit for settlement and withdraw it from the berth and from the operations of the licence covering it:

Provided that no withdrawal shall be made unless the licensee has had sixty days' notice thereof; and that the Minister of the Interior is satisfied that the same can be made without unduly interfering with the operations of the licensee on the berth, and that, upon such withdrawal, the ground rent shall be reduced in proportion to the area withdrawn.

13. If the Minister of the Interior ascertains after an inspection has been made, that any land within a timber berth is fit for settlement and is required for that purpose, he may require the licensee to carry on the cutting of timber provided for by clause 33 of these regulations on the said land, on the expiration of the time within which the timber which the licensee is entitled to cut should be removed therefrom, may withdraw such land from the berth and from the operations of the licence covering it.

14. If the survey of any timber berth heretofore granted or which may be granted hereafter is not completed at the expiration of the period fixed in the advertisement of the sale of such berth or, in the absence of such provision in the advertisement, by the thirty-first day of December, 1907, such failure to complete the survey shall be deemed an infraction of these regulations and shall render the licensee liable to forfeiture as provided therein.

(b.) Provided, however, that the Minister of the Interior may, instead of declaring a berth forfeited for failure to complete the survey thereof, require the licensee to pay to the Crown the sum of ten dollars for each day after a date to be fixed by the said Minister by notice mailed to the licensee at his last known address, during which the survey shall remain uncompleted, and such sum shall be payable whenever demand is made therefor by the proper officer of the Department of the Interior.

15. If, in consequence of any incorrectness in survey or other error or cause whatever, a timber berth is found to comprise lands included in another berth awarded at a prior date, or any lands sold, granted, leased or lawfully set apart for any other purpose under these regulations or The Dominion Lands Act, the latter berth shall be void in so far as it interferes with any previous sale, grant or setting apart.

16. Any right to a timber berth cannot be assigned or transferred without the consent of the Minister of the Interior. The fee for the registration of an assignment of a timber berth or of any interest therein shall be at the rate of one dollar for each square mile covered by the berth, but in no case shall such fee be less than two dollars.

17. The following is the form of licence to be issued for timber berths:—

Know all men by these presents that by virtue of the authority vested in me by the Dominion Lands Act, and by an Order of His Excellency the Governor-General in Council of the \_\_\_\_\_ day of \_\_\_\_\_, I, the Minister of the Interior of Canada, do hereby, in consideration of the sum of \_\_\_\_\_, ground rent, now paid to me for the use of His Majesty, King Edward the Seventh, and in consideration of the dues hereinafter mentioned, give unto \_\_\_\_\_, hereinafter called the licensee, his executors and administrators, full right, power and licence, subject to the conditions hereinafter mentioned and contained, and such other conditions and restrictions as are in that behalf contained in The Dominion Lands Act and the amendments thereto, and in the regulations respecting timber passed by the Governor-General in Council, to cut timber on the following tract of land (hereinafter called the "berth" or "berths") that is to say:—

and to take and keep exclusive possession of the said lands, except as hereinafter mentioned for and during the period of one year from the first day of May, to the thirtieth day of April, \_\_\_\_\_ and no longer.

This licence shall vest in the licensee, subject to the conditions mentioned in the licence, all right of property whatsoever in all trees, timber, lumber and other products of timber which he is entitled by licence to cut, and which have been cut within the berth during the continuance thereof, whether such trees, timber, lumber or other products be cut by the authority of the licensee or by any other person with or without his consent; and shall vest in the licensee as against any person other than the Crown in the right of the Dominion, subject to the conditions mentioned in the licence, all right of property whatsoever in all trees, timber, lumber, and other products of lumber, cut within the berth during the continuance thereof by any other person without his consent; and shall entitle

the licensee to seize in replevin, revendication or otherwise, as his property, all timber of any kind cut upon the berth where the same is found in the possession of any unauthorised person, and also to bring any action or suit at law or in equity against any person unlawfully in possession of any such timber or of any lands within the berth, and to prosecute any person to conviction and punishment for any offence in connection with such timber or land, and all proceedings pending at the expiration of the licence may be continued and completed as if the same had not expired.

This licence is subject to the following conditions and restrictions in addition to such of the conditions and restrictions as are in that behalf contained in The Dominion Lands Act and the amendments thereto, and in the regulations respecting timber passed by order of His Excellency the Governor-General in Council.

(a.) That the licensee shall not have the right thereunder to cut timber of a less diameter than ten inches at the stump except such as may be actually necessary for the construction of roads and other works to facilitate the taking out of merchantable timber, and shall not have the right to cut any trees that may be designated by the proper officer of the Department of the Interior as required to provide a supply of seed for the reproduction of the forest.

(b.) The licensee shall be entitled to a renewal of his licence from year to year while there is on the berth timber of the kind and dimensions described in the licence in sufficient quantity to be commercially valuable if the terms and conditions of the licence and the provisions of The Dominion Lands Act and of the regulations affecting the same have been fulfilled:

Provided that such renewal shall be subject to the payment of such rental and dues and to such terms and conditions as are fixed by the regulations in force at the time renewal is made.

(c.) Whenever any portion of the berth hereby licensed has not upon it timber of the kind and dimensions described in the licence in sufficient quantity to make it commercially valuable, the Minister of the Interior may, after an inspection has been made, declare such portion fit for settlement and withdraw it from the berth and from the operation of the licence covering it:

Provided that no withdrawal shall be made unless the licensee has had sixty days' notice thereof; and that the Minister of the Interior is satisfied that the same can be made without unduly interfering with the operations of the licensee on the berth, and that, upon such withdrawal the ground rent shall be reduced in proportion to the area withdrawn.

(d.) If the Minister of the Interior ascertains, after an inspection has been made that any land within the berth hereby licensed is fit for settlement and is required for that purpose he may require the licensee to carry on the cutting of timber provided for by Clause 32 of these regulations on the said land and on the expiration of the time within which the timber which the licensee is entitled to cut should be removed therefrom, may withdraw such land from the berth and from the operations of the licence covering it, and upon such withdrawal the ground rent shall be reduced in proportion to the area withdrawn.

(e.) That the licensee shall take from every tree he cuts down all the timber fit for use and manufacture the same into sawn lumber or some such saleable product, and shall dispose of the tops and branches and other debris of lumbering operations in such a way as to prevent as far as possible the danger of fire in accordance with the directions of the proper officers of the Department of the Interior.

(f.) That the licensee shall prevent all unnecessary destruction of growing timber on the part of his men and exercise strict and constant supervision to prevent the origin or spread of fires.

(g.) That the licensee shall furnish to the Dominion Timber Agent having jurisdiction in the matter at such periods as may be required by the Minister of the Interior or by regulations under The Dominion Lands Act, returns sworn to by him or his agent or employee, cognizant of the facts, showing the quantities manufactured, sold or disposed of, of all sawn lumber, timber, or any other product of timber from the berth with the exception of slabs and sawdust, in whatever form the same may be sold or otherwise disposed of by him during such period, and the price or value thereof.

(h.) In lieu of or in addition to the returns provided for by the preceding clause, the Minister of the Interior may require that every licensee shall furnish during each year to the Dominion Timber Agent having jurisdiction in the matter at such periods as may be

required by the Minister of the Interior, through himself, his scaler or foreman, or through all of them, a statement in writing in detail, under oath, setting forth the number of pieces of timber, saw-logs and other material cut, caused to be cut or taken under his licence during such period, and the correct contents in board measure of the same, as shown by Scribner's log rule, if the timber has been cut in Manitoba, Saskatchewan, Alberta, or the North-west Territories, and by the British Columbia log scale when cut within the railway belt of British Columbia :

(i.) That the licensee shall pay, in addition to the said ground rent, dues in the manner prescribed in Section 21 of the Timber Regulations, and also one-half of the cost incurred by the Crown in guarding the timber from fire, the Government paying the other half. A statement will be furnished the licensee showing his share of the cost incurred and payment thereof shall be made to the Crown within thirty days thereafter.

(j.) That the licensee shall keep a "lumber sales book," in which shall be entered all sales of the products of the berth, both cash and credit sales, also a book accounting for the number of feet of sawn lumber manufactured each day at the mill, with the day and date; all books and memoranda kept at the logging camps shall be carefully preserved, and these and other books kept by the licensee in connection with his lumbering business he shall submit for the inspection of the Dominion Timber Agent or other officer of the Crown whenever required for the purpose of verifying his returns aforesaid.

(k.) This licence shall be subject to the right of the Crown to deal in accordance with the provisions of the said Act, and the regulations made under it by the Governor in Council with any and all stone, coal and other minerals found within the limits of the berth licensed; and the Crown shall have the right in dealing as above provided, with any stone, coal or other minerals in lands licensed as timber limits to authorise the persons to whom such stone, coal or other minerals are granted to take possession of and occupy such extent of the land so licensed as is necessary to work such stone, coal or other minerals, and to open necessary roads through any such timber berth, paying the licensee of the berth the value of any and all timber of a diameter of ten inches at the stump and upwards, necessarily cut in making such roads or in working the quarries or mines, such value in case of dispute to be fixed by the Minister of the Interior; and the provisions of this clause shall operate retrospectively, that is to say: they shall apply to all licences of timber berths heretofore granted under any Act respecting Dominion lands, as if they had been contained in such Act when it was passed.

(l.) This licence shall be subject to forfeiture on the order of the Minister for violation of any of the conditions to which it is subject or for any fraudulent return:

Provided that in case the Minister shall decide to exercise the power of forfeiture conferred by this section the licensee shall have the right within thirty days of formal notification to him in writing by the Minister of his intention to declare such forfeiture, and which notification shall be deemed to be sufficient if addressed to the place last known to the Minister as the address of the licensee, to appeal against such notification of forfeiture to the Judge of any competent Court of the District having jurisdiction in matters of contract. The licensee shall within thirty days of the notification to him by the Minister notify the Minister in writing of appeal taken, and pending the report within reasonable delay from the Judge on the question of appeal, no declaration of forfeiture shall be made by the Minister. The Judge to whom appeal is taken shall report to the Minister his finding in the case and on receipt of such report the Minister may proceed under this section in accordance with his finding, and in case the finding be in favour of the Minister the Judge shall, when transmitting his report, issue a summons directed to the appellant calling upon him forthwith to vacate or abandon or to cease using the berth and if, upon the return of the summons it appears that he has not vacated or abandoned or ceased using the said berth, the Judge shall make an order or warrant for his summary removal from the berth, and the said order or warrant shall be executed by the sheriff, bailiff, constable or other person to whom it is delivered :

Provided that such report by the Judge shall be appealable by either side in like manner as any other decision of the said Court :

And provided further that if the violation of the regulations refers merely to payment of moneys due under the licence, the Minister may waive the power of forfeiture on payment of double the amount found by the Judge to be due, and costs, and may enforce payment in the manner provided for by The Dominion Lands Act and the timber regulations, and take such action in regard to all other matters of forfeiture as may arise and may be provided for by this section and The Dominion Lands Act:

(m.) That should any railway company become entitled to a grant from His Majesty or his successors, of any portion of the lands hereby demised, whether as part of their land subsidy provided for by the Statutes of Canada, or for the roadbed of the railway, or its branches, or for stations, station-grounds, workshops, dock-yards and water frontage on navigable waters, building-yards and other appurtenances required for the convenient and effectual construction and working of the railway and its branches, and if His Majesty or his successors grant the same, the land so granted, so soon as due notice thereof in writing has been served upon the licensee, or his legal representatives, be withdrawn from the operation of this licence, but the licensee or his legal representative shall be at liberty to remove all timber then cut, and all property belonging to him on the lands thereby withdrawn from the operation of this licence, and the ground rent shall be reduced in proportion to the area withdrawn:

(n.) This licence cannot be assigned or transferred without the consent of the Minister of the Interior:

(c.) The licensee shall have in operation within one year from a date when he is notified by the proper officer of the Department of the Interior that the Minister of the Interior regards such a step necessary or expedient in the public interest, and keep in operation, for at least six months of each year of his holding, a saw-mill in connection with the berth herein described, capable of cutting in twenty-four hours a thousand feet board measure for every two and one-half square miles of the area licensed:

(p.) Any notice, demand or other communication which His Majesty or the Minister of the Interior may require or desire to give or serve upon the licensee may be validly given and served by the Secretary or Assistant Secretary of the Department of the Interior.

Dated at Ottawa, this                  day of  
            , one thousand nine hundred and

Deputy of the Minister of the  
Interior.

I accept this licence and agree to all the terms and conditions thereof.

Licensee.

*Rental and Dues.*

18. The licensee shall pay an annual ground rent of five dollars per square mile except for lands situated to the west of Yale, in the Province of British Columbia, in which case the yearly ground rent shall be five cents per acre.

19. Within thirty days after the date of awarding a timber berth the person in whose favour it is awarded shall pay rent for the year in advance, and if not then paid the said rent shall bear interest at the rate of five per centum per annum from that date until the same is paid.

20. The licensee shall pay the following dues on timber cut on his berths:

Sawn lumber, fifty cents per thousand feet board measure.

Railway ties, eight feet long, one and one-half cents each.

Railway ties, nine feet long, one and three-quarters cents each.

Shingle Bolts, twenty-five cents per cord,

And five per cent on the sale of all other products of the berth ;

Provided however that the licensees will not be required to pay royalty dues on the sale of slabs or on sawdust.

(b.) Licensees of timber berths may be permitted under the supervision of an officer of the Department of the Interior to cut and remove burnt timber from their berths on payment of one-half the dues prescribed by the regulations.

21. One-half the cost incurred by the Crown for guarding the timber from fire shall be defrayed by the licensee thereof, the Crown defraying the other half.

22. All ground rents, royalties or other dues on timber cut within the boundaries of any timber berths which are not paid at the time when they become due, shall bear interest at the rate of five per centum per

annum until paid, and shall be a lien on any timber cut within such limits or on other Dominion lands by the licensee or his agents; and in case of such non-payment—whether in consequence thereof the licence of the berth has or has not been cancelled—the Dominion Timber Agent or other person authorised thereto may, with the sanction of the Minister of the Interior, seize so much of the timber cut on such berth or other Dominion lands by the licensee or his agents as will, in his opinion, be sufficient to secure the payment of such rent or royalty and all interest and expenses of seizure and sale, and may detain the same as security for the payment thereof; and if payment is not made within three months after such seizure, he may, with the sanction of the Minister of the Interior, sell such timber by public auction; and after deducting the sum due to the Crown, the interest thereon and expenses aforesaid, he shall pay over the balance, if any, to the licensee, if the timber was in his possession at the time of the seizure, or if it was not, to the person who had possession thereof at the time. Provided that if no bid equal to the amount due the Crown is made at such public auction such timber may be disposed of at private sale.

23. All timber cut under licence shall be liable for the payment of the Crown dues thereon, whenever and wherever the said timber or any part of it is found, whether it is or is not converted into deals, boards or any other manufacture of wood; and all officers or agents employed in the collection of such dues may follow all such timber paid or secured, as provided in the next preceding section.

24. If the payment of the dues on any timber has been evaded by any licensee or other person, by the removal of such timber or products out of Canada or otherwise, the amount of dues so evaded and any expense incurred by the Crown in enforcing payment of the said dues under the Dominion Lands Act may be added to the dues remaining to be collected on any other timber cut on any timber berth by the licensee or by his authority, and may be levied and collected or secured on such timber, together with such last-mentioned dues, in the manner hereinbefore provided; or the amount due to the Crown, of which payment has been evaded, may be recovered by action or suit in the name of the Minister of the Interior or his agent, in any court of competent jurisdiction.

25. The Minister of the Interior may take or authorize the taking of bonds or promissory notes for any money due to the Crown, as aforesaid, or, in his discretion, for double the amount of any dues, penalties and costs incurred or to be incurred, and may, if it is under seizure, then release any timber upon which the same would be leviable, but the taking of such bonds or notes shall not affect the right of the Crown to enforce payment of such money, and the debt shall be a lien on any timber cut on the same or on any other berth by the licensee or by his authority, if the sums for which such bonds or notes are given are not paid when due.

#### *Returns of Manufacture.*

26. The licensee shall in each year furnish to the Dominion Timber Agent having jurisdiction in the matter at such periods as may be required by the Minister of the Interior returns sworn to by him or his agent or employee, cognizant of the facts, showing the quantities manufactured, sold or disposed of of all sawn lumber, timber, or any other product of timber from the berth, with the exception of slabs or sawdust in whatever form the same may be sold or otherwise disposed of by him during such period and the price or value thereof.

27. In lieu of or in addition to the returns provided for by the preceding section of these regulations, the Minister of the Interior may require that every licensee shall furnish during each year to the Dominion Timber Agent having jurisdiction in the matter at such periods as may be required by the Minister of the Interior, through himself, his scaler, or foreman, or through all of them, a statement in writing in detail, under oath, setting forth the number of pieces of timber, saw-logs and other material cut, caused to be cut or taken under his licence during such period, and the correct contents in board measure of the same, as shown by Scribner's log rule, if the timber has been cut in Manitoba, Saskatchewan, Alberta, or the North-west Territories, and by the British Columbia log scale when cut within the Railway Belt of British Columbia.

28. It is required that all licensees, through themselves, their scalers and foremen, shall furnish proofs on oath on the first day of May of each year, or at

such other time as the Minister of the Interior may direct, as to the exact locality, by a ground sketch, where all timber, saw-logs or other lumber cut by themselves and others, to their knowledge, upon the timber berth held or occupied by him or them, respectively, have been cut.

29. All timber before being put into any stream or lake to be floated to the mill must be marked with a stamp furnished by the licensee and approved by the Dominion Timber Agent, a copy of said stamp to be placed on record in the Dominion Timber Office.

30. On the arrival of any raft, or parcel of timber or saw-logs, cut or taken from Dominion Lands, at the place where the same is to be manufactured or sold, and before the same becomes mixed with the timber or saw-logs, the owners or persons in charge thereof shall report the same to the Dominion Timber agent having jurisdiction in the matter, making, if required, declaration upon oath as to where the said timber was cut, the number of pieces and the description of each kind of wood contained in such raft or parcel of timber and contents thereof in board measure, and should the Dominion Timber Agent not be satisfied with the correctness of such report, he shall cause a strict count and scale to be made of the timber on such raft; and on being satisfied of the correctness of such report or count, the Dominion Timber Agent may grant a clearance in due form for such raft, when the same may be at the disposal of the owner or person in charge of the same. Should the number of pieces given in the report of the owner or person in charge be found by the specification of measurement to contain a greater number of pieces or contain a greater number of feet in board measure than is given by the owner or agent's report, the surplus number of pieces or overplus, if not satisfactorily explained, shall be held as having been cut on Dominion lands without authority and subject to payment of dues accordingly. This clause only to have force in case of a licensee making payment of dues on the quantity of lumber contained in the timber or saw-logs by log scale.

#### *Manufacture.*

31. All timber taken from berths acquired under the provisions of these regulations shall be manufactured within the Dominion of Canada, and all timber taken from a berth in Manitoba, Saskatchewan, Alberta or the North-West Territories must be manufactured at the saw-mill of the licensee to be operated in connection with the berth as prescribed by Section 32 of these regulations unless permission otherwise is given by the Minister of the Interior as provided by the said section.

32. The licensee shall have in operation within one year from the date when he is notified by the proper officer of the Department of the Interior that the Minister of the Interior regards such a step necessary or expedient in the public interest, and keep in operation for at least six months of each year of his holding, a sawmill in connection with his berth, capable of cutting in twenty-four hours one thousand feet board measure for every two and a half square miles of the area licensed, or shall establish such other manufactory of wood goods as the Minister of the Interior accepts as equivalent thereto.

(b.) Provided, however, that notwithstanding anything in these regulations, a licensee may in lieu of erecting a mill be permitted to have the timber cut from the berth or berths held by him manufactured at a mill which is not his own property, provided that he cuts from the said berth or berths at the rate of one hundred thousand feet annually for each square mile held by him under licence.

#### *Cutting timber without authority.*

33. If any person without authority or in contravention of the timber regulations, cuts, or employs or induces any other person to cut or assist in cutting any timber of any kind on Dominion lands, or removes or carries away, or employs or induces or assists any other person to remove or carry away any timber of any kind so cut, he shall not acquire any right to such timber, or any claim for remuneration for cutting the same, preparing the same for market or conveying the same towards market; and when the timber has been removed out of the reach of the timber officers, or it is otherwise found impossible to seize it, he shall incur a penalty not exceeding three dollars for each tree which, or any part of which, he is proved to have cut, carried away, or assisted to cut or carry away; and such sum shall be recoverable with costs, at the suit and in the name of the Crown, in any court having jurisdiction in civil matters to the amount of

the penalty; and in all cases the burden of proof of authority to cut and take the timber shall lie on the person charged; and the averment of the person seizing or prosecuting, that he is duly employed under the authority of the Dominion Lands Act, shall be sufficient proof thereof, unless the defendant proves the contrary.

34. Whenever any timber agent or officer receives satisfactory information, supported by affidavit or solemn declaration made before a Justice of the Peace or before any other competent officer or person, that any timber has been cut on Dominion lands without authority or in contravention of the timber regulations, or if any timber officer or agent, from other sources of information or his own knowledge, is aware that any timber has been cut without authority on any such lands, he may seize or cause to be seized, the timber so reported or known to be cut, wherever it is found, and place the same under proper custody, until the matter is decided by competent authority.

35. If the timber reported or known to have been cut without authority or in contravention of the timber regulations has been made up with other timber into a crib, dam or raft, or in any other manner has, at any mill or elsewhere, been so mixed up with other timber as to render it impossible or very difficult to distinguish the timber so cut without authority from the other timber, the whole shall be held to have been cut without authority, and shall be liable to seizure and forfeiture accordingly, unless the holder separates to the satisfaction of the timber agent, the timber cut without authority from the other.

36. Whenever any timber agent or other officer or agent is in doubt as to whether any timber has or has not been cut without authority or in contravention of the timber regulations, or is or is not liable to dues on the whole or any part thereof, he may inquire of the person or persons in possession or in charge of such timber, as to when and where the same was cut; and if no satisfactory explanation, on oath or otherwise, as he requires, is given to him, he may seize and detain such timber until proof is made to the satisfaction of the Minister of the Interior, or of such timber agent or officer, that such timber was not cut without authority, and is not liable, either in whole or in part, to dues of any kind; and if such proof is not made within thirty days after such seizure, such timber may be dealt with as timber cut without authority, or on which the dues have not been paid, according to the circumstances of the case; and the dues thereon may be recovered as hereinbefore provided.

37. If any timber, or any product thereof, is seized under the provisions of The Dominion Lands Act by any timber agent or officer, he may allow such timber or product thereof to be removed and disposed of, on receiving sufficient security, by bond or otherwise, to his satisfaction, for the full value thereof, or in his discretion for payment of double the amount of all dues and the penalties and costs incurred or imposed thereon, as the case may be.

38. All timber seized under The Dominion Lands Act, shall be deemed to be forfeited, unless the owner thereof, or the person from whom it was seized, within one month from the day of the seizure, gives notice to the seizing officer or to the timber agent or officer under whose authority the seizure was made, that he intends to contest the seizure; and if, within fifteen days thereafter the claimant has not instituted proceedings before a court of competent jurisdiction to contest the seizure, or if the decision of the court is against him, or if the claimant fails duly to prosecute such proceedings in the opinion of the judge before whom such case is tried, who may for that cause dismiss the suit on the expiration of three months from the date on which it was instituted, the timber may be confiscated and may, after thirty day's notice posted up at the place where the same is confiscated, be sold by public auction, by order of the Minister of the Interior.

2. The Minister of the Interior may, if he sees cause for so doing, instead of confiscating timber cut on Dominion lands without authority or in contravention of the timber regulations, impose a penalty which, in addition to all costs incurred, shall be levied on such timber; and in default of payment of the whole on demand, he may, after a notice of fifteen days sell such timber by public auction, and may, in his discretion, retain the whole proceeds of such sale, or the amount of the penalty and costs only.

3. In the event of there being no bid equal to the amount due the Crown for timber put up at public auction under this section the Minister may dispose of the same by private sale.

39. Whenever any timber is seized for non-payment of dues, or for any cause of forfeiture, or any prosecution is instituted for any penalty or forfeiture under The Dominion Lands Act, and any question arises as to whether the said timber was cut on other than Dominion lands, the burden of proving payment, or of proving on what land the said timber was cut, shall lie on the owner or claimant of such timber.

40. Any officer or person seizing timber in the discharge of his duty under The Dominion Lands Act may, in the name of the Crown, call in any assistance necessary for securing and protecting the timber so seized. ja16
